MARK JERIC EXCONDE

Bakahan Lalig • Tiaong, Quezon 4325 • mrkjrc.xcnd@gmail.com • 09472631714 • kramikkk

Education

LAGUNA STATE POLYTECHNIC UNIVERSITY 2022 - Current
San Pablo City, Laguna
Bachelor of Science in Computer Engineering.
Dean's Lister 1st Semester 2022-2023

RECTO MEMORIAL NATIONAL HIGH SCHOOL 2016 - 2022
Tiaong, Quezon
With Honors 2016-2022

CLARO M. RECTO MEMORIAL CENTRAL SCHOOL 2010 - 2016
Tiaong, Quezon

Academic Experience

SMART SHOE CARE MACHINE
Leader & Lead Developer Oct 2025 – Current
- An IoT automated solution for shoe cleaning, drying and sterilizing with image recognition.
- Learned concepts in Better-Auth and Postgresql with Prisma.

VITALINK AI
Leader & Lead Developer Oct 2025 – Jan 2026
- Built an esp32-s3-supermini based IoT health & activity dashboard for students with isolation forest AI.
- Learned concepts in NextJS, TailwindCSS, Shadcn UI, FastAPI, Scikit-Learn, Postgresql and Squareline.

CONAN AI CAM
Leader & Lead Developer Dec 2025 - Dec 2025
- Built an esp32-cam based embedded system that performs object detection with a 3d printed case.
- Learned concepts on Edge Impulse for object detection.

STACKWARS
Leader & Lead Developer May 2025 – May 2025
- Built an arduino based two player competitive stacking game using two LED matrices.
- Learned concepts on nonblocking code to do multiple functions at the same time in arduino.
- Special Award: Master of Sensors 2025

COCO ROBOT
Leader & Lead Developer Dec 2024 – Jan 2025
- Built a bluetooth controlled arduino smart car with motion and flame sensor.
- Learned concepts in block-based coding using MIT app inventor.

SIGN LANGUAGE TRANSLATOR APP
Leader & Lead Developer Feb 2024 – May 2024
- Developed a mobile application that translates text to sign and sign to text.
- Learned skills on Kotlin, Jetpack Compose, Google Mediapipe, Python, Blender, and Machine Learning.

SMART FACE SHIELD
Leader & Lead Developer August 2021 – Jan 2022
- Built an arduino based smart faceshield for temperature scanning and monitoring.
- 3rd place CHEin Reaction Robotics Category 2022
- 2nd place LIKHA Robotics Category Division Science and Technology Fair 2022

Skills & Interests

Technical: NextJS (React), Typescript, TailwindCSS, Shadcn UI, Better-Auth, Prisma, Postgresql, Neon DB, FastAPI, Vercel, Render, Git, Github, Arduino, Kotlin, Python, Machine Learning, Edge Impulse, SquareLine Studio, MIT App Inventor and SketchUp3D.
Language: Fluent Tagalog, Conversational English
